

## **Checklist for Video Titling**

**Field Prep** – see diagrams for small and large fields on handbook page 18. See pop-up field options on page 10.

1. Set up a goal area
  - Size is 15' W X 5' D set against the back boundary.
  - Use at least 3' high sturdy material on 3 sides: back, right and left sides (exercise pen, lattice).
  - Mark the goal line with tape, chalk, rope, etc.
  - Sides of goal must be stable with dog able to play ball off the outside without them moving or being held by the handler.
  - Any bumper within the goal area must be set no closer than 2' behind the goal line.
2. Mark handler area
  - Size is 25' W X 5' D directly in front of goal area.
  - Mark the line with cones, tape, chalk, rope, etc.
3. Set up outside edge of field
  - Use cones, other markers or fencing to mark sides and back of field area.
  - A & B divisions Pre-Novice and Novice; Veteran division all levels field may be 50' L X 35' W or 75' L X 50' W.
  - A & B divisions Intermediate, Advanced and Masters field must be 75' L X 50' W.
4. Mark field distances from the goal line (Recommended)
  - Mark the point ball distance with a larger more distinguishable cone/sign.
  - Mark every five feet with a smaller cone/sign. This will help with depth perception for the judge. If you skip this and are playing Balls N Order, check that you have marked the minimum ball roll back distance.
5. Set up video camera
  - Use a tripod or hold camera very steady.
  - Set up where best able to see goal, entire handler area, and ball formation.
  - On Intermediate and above pan as necessary at the start of the run to show marking of point ball distance line and entry into field. (Recommended)
  - Don't shoot into the sun.

## **Check Video of Runs**

- Marking for point ball distance line is shown.
- Balls are in correct formation and no more than 6" apart (Pre-Novice up to 12").
- Entrance and exit from field is shown. Dog enters and exits on leash.
- Ball order is stated or shown for Balls N Order.
- Both dog and handler are visible at all times.
- Dog lies down within the handler or goal area at the end of the run.
- Video has original soundtrack and is not edited from the time the team enters the field to the time the team exits the field.

## **Check Video Upload Formatting**

- Video is public or unlisted.
- Name of the youtube or vimeo videos must enable judges to be able to identify.
- Combined runs in one video must use a title page or caption to note each run
